

## Main sol. 584

|               |         |      |
|---------------|---------|------|
| Brucella agar | 1000.00 | ml   |
| Sheep blood   | 100.00  | ml/l |

Prepare Brucella agar (e.g. Merck). Cool to 50°C after autoclaving, then add 100 ml/l sheep blood.
