

Mail sol. C₂

JM (Jaworski's Medium)

970.00 ml

SE2 (Soil Extract 2)

30.00 ml

1. Acidified 97:3 mixture of JM and SE2
2. See separate recipes. For approximately 1 litre of final medium, mix 970 ml JM with 30 ml SE2. Add 10 ml of concentrated H₂SO₄ to give a pH of approximately 1.5. Autoclave at 15 psi for 15 minutes.
